- Yes No Unknown
- i) If there are existing or previously existing buildings on the subject lands, are there any building materials remaining on site which are potentially hazardous to public health (e.g. asbestos, PCB's)?
- Yes No Unknown
- j) Is there reason to believe the subject lands may have been contaminated by existing or former uses on the site or adjacent sites?*
- Yes No Unknown

* Possible uses that can cause contamination include: operation of electrical transformer stations, disposal of waste minerals, raw material storage, and residues left in containers, maintenance activities and spills. Some commercial properties such as gasoline stations, automotive repair garages, and dry cleaning plants have similar potential. The longer a property is under industrial or similar use, the greater the potential for site contamination. Also, a series of different industrial or similar uses upon a site could potentially increase the number of chemicals which are present.

- k) If current or previous use of property is industrial or commercial, or if YES to any of a) to j) above, please attach a previous use inventory showing all former uses of the subject land, or if applicable, the land(s) adjacent to the subject lands.

ACKNOWLEDGEMENT CLAUSE

I hereby acknowledge that it is my responsibility to ensure that I am in compliance with all applicable laws, regulations and guidelines pertaining to contaminated sites. I further acknowledge that the City of Welland is not responsible for the identification and/or remediation of contaminated sites, and I agree, whether in (or as a result of) any action or proceeding for environmental clean-up of any damage or otherwise, I will not sue or make claim whatsoever against the City of Welland, its officers, officials, employees or agents for or in respect of any loss, damage, injury or costs.
